👤 Professional Profile

As a Results-driven Senior Product Designer with 4 years of experience, I am skilled in creating user-centric digital solutions across various industries, transforming complex processes into intuitive user experiences, leading to significant operational improvements and business growth. I thrive in collaborative environments where I can contribute to the team's success and deliver top-notch user-centric solutions.

🏢 Work Experience

• Senior Product Designer

📅 Aug 2023 - Present

Enhancers (Tinexta Group) • Full-Time

📍 Remotely

In my role, I am responsible for managing projects from the initial product setup phase through to the final handoff, ensuring a smooth and efficient process. Additionally, I lead and mentor small teams of 1/2 designers, promoting collaboration and guiding them to achieve better design outcomes.

• Product Designer

📅 Jan 2021 - Aug 2023

Design Group Italia • Full-Time

📍 Milan, MI, Italy

In my role as a Product Designer, I focused on developing innovative solutions for the healthcare, energy supply, home automation, E-mobility, and SCADA sectors.

Some examples include:

🏥 Improved the way doctors monitor dialysis treatments remotely by designing an app for Fresenius with the goal of reducing patient readmission rates and increasing treatment compliance.

🏠 Revolutionized smart home management with an app for Gewiss, leading to an increase in user engagement.

🏥 Enhanced healthcare accessibility of DOC24 by implementing an AI-driven feature that allows patients to measure their parameters using their phone's camera.
